

Pore structure characterization of catalyst supports via low-field NMR spectroscopy

Smith, DM; Glaves, CL; Gallegos, DP; Brinker, CJ

American Chemical Society Symposium Series; 411, p.251-261; 1989

Monitoring thin-film properties with surface acoustic-wave devices: diffusion, surface area, and pore size distribution

Frye, GC; Martin, SJ; Ricco, AJ; Brinker, CJ

American Chemical Society Symposium Series; 403, p.208-221; 1989

Molecular sieve films from zeolite-silica microcomposites

Bein, T; Brown, K; Brinker, CJ

Proceedings of 8th International Zeolite Conference; July, 1989
